Helpful Aids to Libraries

Library Research Service, a division of Demco Library Supplies, is devoted to devising and perfecting new procedures and economies, based upon continuous field surveys and analyses.

Among the projects now under way or soon to be completed, are:

1. Pictorial Library Primer by Mrs. Winifred Davis. Now in 3rd edition. See page 49.
2. A visualized manual on school library routines by Mrs. Winifred Davis. Now in preparation. See page 49.
3. A new comprehensive manual on Book Mending and Book Repairing. Now in preparation.
4. A visualized manual on library poster making and exhibits by Miss Sarah Wallace. Now in preparation.
5. Individual Cross Analysis surveys of supply purchases with suggestions for their control.
6. Research surveys on new products, materials, methods and procedures, directed at economy and efficiency in library administration.

For further information and suggestions, please write the Director, Library Research Service, Lock Box 1070, Madison, Wis.

Buy Quality With Economy

THE DEMCO WAY

Quality is always economy because articles of quality serve better and longer. That is why we want you to know the DEMCO line. For when an improvement in material, design or construction occurs, it is tried and proven before being embodied in our

analysts of Library Research Service.

From the very beginning, the DEMCO policy has been to produce quality articles at the lowest prices consistent with quality. If volume in production lowers our costs, we give

A Note Made Necessary Since Publishing This Catalog

PRICES

Present economic conditions are so unstable that it is impossible to guarantee that materials will be invoiced at the prices shown in this catalog. As a matter of fact, a number of changes have already been made necessary since this catalog went to press.

The Demco policy has always been to sell library supplies at the lowest possible prices consistent with good quality and workmanship. If you are billed at a higher rate than shown in this catalog, we know that you will understand this action has

been necessitated by the fluctuation in our market costs. You may be assured that voluntary price reductions will be made whenever conditions permit.

SHORTAGES

Certain supplies are still difficult to obtain in usual quantities and as a result they may not be available for immediate shipment. In other cases, we have discontinued listing a supply because of present inferior quality or workmanship. Such supplies will be listed again only when they meet with Demco standards. In the meantime, your patience and loyalty is sincerely appreciated.

Accounts are gladly opened for libraries, schools, colleges and public institutions. Business houses and individuals are asked to furnish satisfactory references when an account is to be opened. Invoices are mailed when the orders are completed and statements are furnished each month. If you prefer, you may pay cash in advance.

BE SURE TO SPECIFY

(Specify the catalog number of each item, the quantity, the name, the size and color when necessary.) Use the enclosed order blanks. If ordering special printed matter, please enclose copy.

Remember that throughout this catalog the height or binding margin of cards and binders is given first and the width second.

Use this Demco Catalog with the New Prices. Discard all former editions.

Buy Quality With Economy

THE DEMCO WAY

Quality is always economy because articles of quality serve better and longer. That is why we want you to know the DEMCO line. For when an improvement in material, design or construction occurs, it is tried and proven before being embodied in our merchandise. Nothing is left undone to insure your satisfaction. And we urge your using this catalog on every occasion.

Each article we list is checked and tested by a survey made by senior

analysts of Library Research Service.

From the very beginning, the DEMCO policy has been to produce quality articles at the lowest prices consistent with quality. If volume in production lowers our costs, we give our customers the benefit of the saving. However, our catalog prices are subject to change without notice.

Remember, when you order from DEMCO you buy quality with economy in each transaction.

IMMEDIATE SHIPMENT

One of the features of Demco service is the personal attention given all orders so that the merchandise can be shipped the same day the order arrives. There are certain exceptions—such as special printed forms and special furniture. These, however, are automatically treated as "rush" orders.

ORDERS LESS THAN \$2

Because orders less than \$2 do not justify the expense of formal book entries and can only be profitably handled as a cash transaction, we ask that small orders be accompanied by stamps or cash. We appreciate any order, large or small.

SHIPPING CHARGES PREPAID

Demco Library Supplies pays the postage, express or freight charges, as well as the insurance, to any post office, express office or railroad station in continental United States (except Alaska)—and at no extra cost to you. We reserve the right to decide the method of shipping—however, your requests will be followed. If the railroad in your city provides store-door delivery service, freight shipments will be delivered to your building.

YOUR FIRST ORDER

Accounts are gladly opened for libraries, schools, colleges and public institutions. Business houses and individuals are asked to furnish satisfactory references when an account is to be opened. Invoices are mailed when the orders are completed and statements are furnished each month. If you prefer, you may pay cash in advance.

BE SURE TO SPECIFY

(Specify the catalog number of each item, the quantity, the name, the size and color when necessary.) Use the enclosed order blanks. If ordering special printed matter, please enclose copy.

Remember that throughout this catalog the height or binding margin of cards and binders is given first and the width second.

DEMCO LIBRARY SUPPLIES

MADISON 3, WISCONSIN

NEW HAVEN 2, CONNECTICUT

Enlarged Demco Steel Magazine Rack

THIS 5 tier rack easily accommodates from 25 to 35 magazines. It can be placed against the wall, in the center of the room or, if it fits in better with your arrangement, two may be backed together. Of course this light, rigid rack may be easily moved on its round gliders attached to the legs.

Back numbers of magazines may be stored on the roomy shelf in the rear—an original Demco feature.

Finished in our neutral olive green enamel.

Top compartment—11½" high (5¼" visibility) by 1½" deep and 35¾" wide. Next three compartments below are each 12¼" high (6¼" visibility) by 1½" deep and 35¾" wide. The fifth (or bottom) compartment is 14¼" high (8¼" visibility) by 1½" deep and 35¾" wide. Legs extend 5" below the base. The overall dimensions are 36" wide, 48" high and 15" deep.

No. 740-5 One rack\$51.00

Low Metal Newspaper Rack

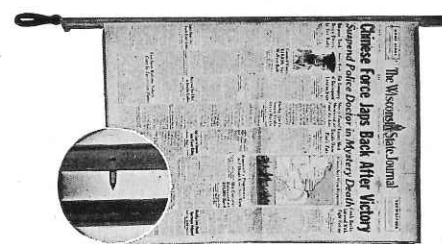

No. 777

THIS single-faced steel newspaper rack is of a simple design which will give years of satisfaction and yet is modestly priced. It has a distinctly pleasing appearance and will hold eight newspapers. Finished in neutral olive green enamel. It takes little space since it measures only 29" wide, 16" deep and 45" high.

No. 777 Rack only\$38.00

Aluminum Newspaper File

THIS light-weight 5 ounce Featherweight Aluminum Newspaper File is made of extruded and tempered aluminum that will not show scratches. Three solid steel pegs riveted in insure a tight grip. The bell-shape eliminates any cutting edge. 28" filing capacity.

No. 778-A 1--\$2.35 3--\$6.75 6--\$12.60 12--\$24.00

Wood Newspaper File

THE genuine hard maple wooden newspaper file pictured is divided into six triangular strips. Each newspaper fits over one of these sections and the rubber ring clamps the sections tightly together. 35" long, 28" filing space, 4½" handle grip.

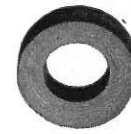

No. 780 Each\$1.80 6\$9.30

Newspaper File Holder

AS AN "overflow" file or where floor space is at a premium, this Demco wall holder is just what is needed. Made of light finish gum wood 2" wide, 3" deep and 30" long. Six holes are set deep and at a 45 degree angle. Note the depth is great enough to prevent the handles from protruding at the back and permits attaching it to the woodwork from the front or either side—with screws furnished by us. Holds either aluminum or wood files.

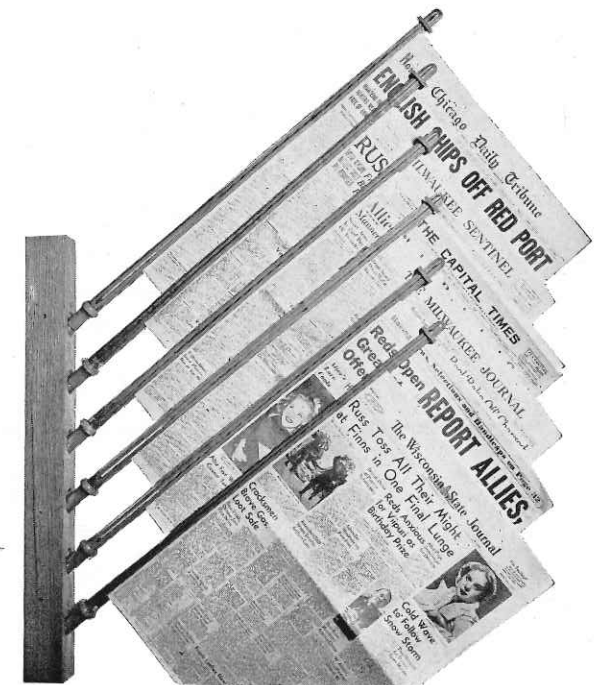

No. 781 Holder only\$7.50

Rubber File Rings

THE ¼" flat surface of our improved rubber newspaper ring makes possible a firmer grip on the file and reduces losses. Used with the No. 780 Wood Newspaper File shown on page 2.

No. 780-R. 1 doz. 75c

3 and 4 Drawer Standard Files

HERE is a file made of the best welded case construction which will last a life-time of the severest library use. Drawers operate on ball-bearing type progressive suspensions, assuring surplus strength even with a maximum drawer load. They have a smooth rolling action at the slightest touch. Drawers close silently on cushioned stops and are each equipped with a safety latch. Files have positive locking compressors which hold material firmly—yet unlock quickly under slight pressure of the hand. Filing capacity—26" per drawer.

Finishes available are: Olive Green or Modernaire Gray. Walnut and Mahogany finishes at slightly higher prices. Further information and prices furnished on request.

No. 775-A 4 drawer Information File. Outside dimensions 18½" wide x 52" high x 28" deep----

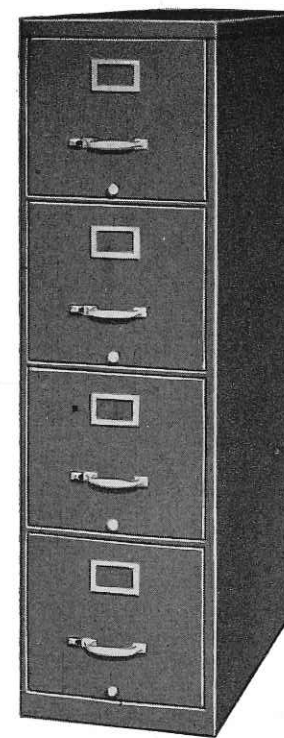

No. 776-A 4 drawer Letter File. Outside dimensions 15" wide x 52" high x 28" deep-----

No. 775-B 3 drawer Information File. Outside dimensions 18½" wide x 42" high x 28" deep----

No. 776-B 3 drawer Letter File. Outside dimensions 15" wide x 42" high x 28" deep-----

Quotations Upon Request

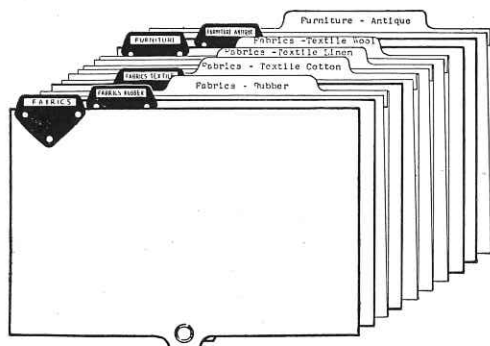

Prices are subject to change without notice. Billing will be at current price in effect at time of shipment.

Vertical Filing Supplies

YOUR library now can have a complete and readily accessible Information File with the use of these new, legal size pressboard metal tab guides and individual tab folders. A filing expert is no longer necessary to insure efficient maintenance of your valuable Information File. The Information File in your library can be kept under three simple positions, the arrangement of which allows for expansion at any time and is completely visible.

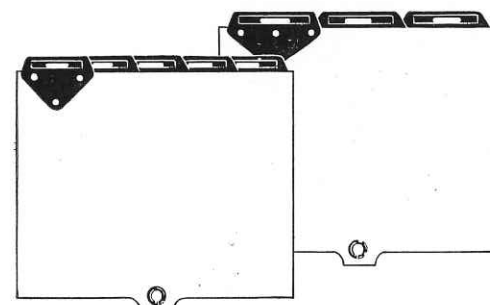

1. Fifth cut, Legal size guide—first position for main subject headings.
2. Fifth cut—second position for subdivisions of main subject headings.
3. A tabbed folder directly to the right of the subdivision guides.

Pressboard Metal Tab Guides

THESE guides are made of sturdy 25-point grey pressboard with third cut and fifth cut metal tabs. The tabs are made of the finest quality cold rolled steel and finished in a baked black enamel which will not chip or rust. The insertable blank white labels furnished with the guides permit the typing of the proper guide captions. Guides are equipped at the bottom with an eyeleted extension for the rod of the filing cabinet. They are available in two widths, letter—11 $\frac{3}{4}$ inches and Legal—14 $\frac{7}{8}$ inches. Height of both, including tab, is 10 inches.

Correspondence filing in libraries is taken care of by the use of the Letter size pressboard metal guides and Letter size individual tab folders. The guides should be fifth cut, first and second positions alternating with a printed 25 division set of A-Z labels inserted in the tabs.

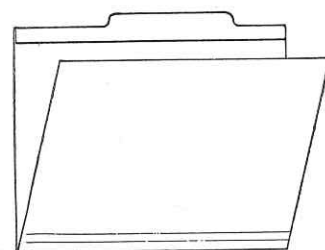

Plain labels and celluloid covers furnished with the above.

No. 654 Printed alphabet labels. 25 divisions, A-Z 35c

Individual Tab Folders

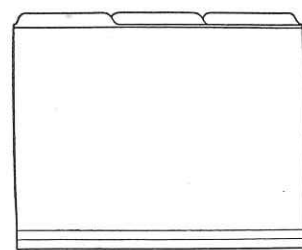

A half-inch double-thickness reinforcement along the back of the folder, including the tab, makes them exceptionally durable. Double scoring at the bottom allows for easy expansion. Available in Letter and

Legal size with the reinforced tab 2/5 cut to the right of the center. Letter size is 11 $\frac{3}{4}$ inches by 10 inches. Legal size is 14 $\frac{7}{8}$ inches by 10 inches. Height includes tab. Both are 10 $\frac{1}{2}$ to 11 $\frac{1}{2}$ points in thickness. A gummed label furnished with each folder.

No. 649	Letter Size	No. 650	Legal Size

100	----- \$2.30	100	----- \$3.00

For additional filing supplies, see page 46

Expanding File Pockets

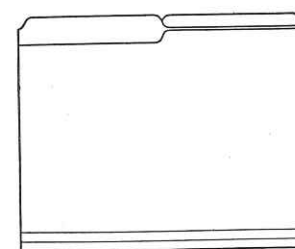

Durable pockets with 1 $\frac{3}{4}$ " expansion. Ideal for Information File subjects with bulky accumulation of pamphlets and clippings. Handy for keeping thick files of letters or invoices. Eliminates overstuffing of ordinary folders, speeds up filing and finding. Made

of heavy red stock of a two piece construction. Gusset extends halfway up sides permitting easy access. Back is lined with salmon stock for rigidity. Letter size, 9 $\frac{1}{2}$ " high, 11 $\frac{3}{4}$ " wide; Legal size, 9 $\frac{1}{2}$ " by 14 $\frac{3}{4}$ ".

Demco New Steel Book Truck

HERE is an outstanding value in an inexpensive book truck. Construction improvements have reduced reverberation to the vanishing point. Plate mounted casters, which have replaced the obsolete stem type, are attached to an improved reinforced caster support. Two inches have been added in width. And a special welding process eliminates all body bolts that might loosen. The special casters (both stationary and swivel) have thread guards. Deadening felt is placed in each end panel and beneath each shelf. Your assurance of extra years of service that comes with metal construction and our low price makes this truck the greatest value ever offered.

The standard model, which is easier to guide and should be pushed from the swivel end, is available with light duty four inch casters or medium five inch diameter casters. All casters have hard, composition rubber tires. Numbers 772 and 774 are preferable for stack use or where turning space is restricted. Trucks are finished in neutral olive green enamel.

DIMENSIONS: 30 inches long; 14 inches wide; 35 inches high. Shelves 28 inches long by 14 inches wide. Lower shelf 14 inches from floor. 14 inches between shelves. Upper shelf 15 inches above lower shelf. Ends project 6 inches above top shelf.

No. 771 2 swivel ball bearing and 2 stationary 4 inch diameter casters	\$46.00
No. 772 4 four inch ball bearing swivel casters	47.00
No. 773 2 swivel ball bearing and 2 five inch diameter stationary casters	53.00
No. 774 4 five inch swivel ball bearing casters	54.00

REPLACEMENT CASTERS for Nos. 771 and 772	
2 four inch ball bearing swivel casters	\$4.40
2 four inch stationary casters	4.00
For Nos. 773, 774, 796, 797	
2 inch ball bearing swivel casters	\$7.25
2 five inch stationary casters	6.55

Three Shelf Metal Book Truck

THE development of this steel truck with welded body was brought about by popular demand. Its five inch casters are heavier than those on model No. 771 and they are mounted at the extreme corners. Each shelf has inside measurements of 14" x 30" and we ask that you note the 12" clearance between shelves.

The truck has about 63% greater capacity than the two shelf truck and is finished in olive green enamel.

DIMENSIONS: Overall measurement, 32 inches long, 40 inches high, 14 inches wide. Inside measurements of shelves: 30 inches long by 14 inches wide. First shelf 7 inches from floor; 12 inches clearance between shelves. Third shelf 34 inches from floor with 6 inch end panels projecting above.

Unless otherwise specified, truck will be sent with two swivel and two stationary casters.

No. 796 has two 5" ball bearing swivel and two 5" stationary extra strong casters. All casters have hard, composition rubber tires.

No. 797 has four 5" ball bearing swivel casters.

No. 796	\$61.00	No. 797	\$63.25

Card Catalog Cabinets

A Note Concerning Regular Demco Catalog Cases

Pre-war quality library catalog cases are omitted temporarily due to the scarcity of high grade quarter-sawn white oak and to the lack of skilled cabinet workers. An announcement will be made as soon as the regular cases become available.

Imperial Sectional Card Index Cabinets

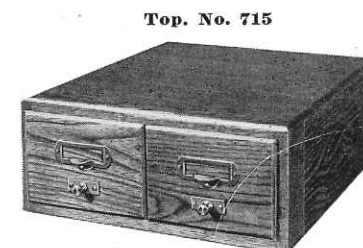

FOR those libraries requiring additional card catalog capacity immediately, we suggest the purchase of the Imperial Sectional Card Index Cases as an alternate to library quality card cabinets. They do not carry the usual Demco guarantee. Made in sections two drawers wide, they can be built up from a two drawer cabinet to twelve drawers. The first or initial two drawer section (Cat. No. 715) has a finished oak top. The additional sections (Cat. No. 716) added to the first one inter-member to the underside of the initial section.

Made of oak, these sections are available in one finish only—medium light oak. Each drawer is equipped with a screw front rod and follower block.

Cat. No. 715 Top Section—13½" wide, 15" deep, 5½" high.

Cat. No. 716 Bottom Section—13½" wide, 15" deep, 4¾" high.

Filing capacity—11¾" or 1100 medium weight cards with guides.

Demco Desk Trays

THESE trays are for temporary filing of catalog cards or holding the day's supply of application, borrowers' or order cards, P pads, rubber bands and paper clips. Each of the five compartments has inside dimensions of approximately 1½" x 5¼". You have the choice of quarter oak wood trays in either light or dark finish or of durable 116 point tough chipboard covered with a pleasing brown cloth. Wood trays have outside dimensions of 5⅝" wide by 8¾" deep with felt covered bottoms. Cloth covered trays are 5⅝" wide by 8¼" deep.

Pluperfect and Paramount Catalog Cards

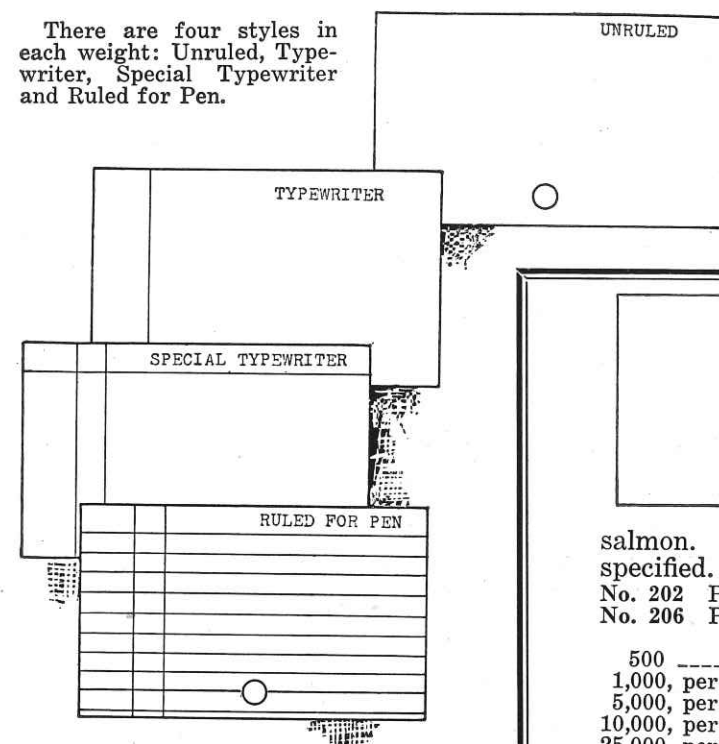

OUR Pluperfect 100% rag card is made from the finest quality new white rags. Its surface is uniform on both sides; the edges are smooth; it has snap and resiliency; it takes ink perfectly and erases without a blur.

The Paramount Catalog Card is recommended particularly for Fiction Cards which may not be permanent in the Catalog. Its major new white rag content insures years of satisfactory long life, where a 100% rag card is not necessary.

Every card is 7.5 x 12.5 cms., without variation, according to the pattern set by the U. S. Bureau of Standards, and is accurately punched for a round rod. Ruled cards assure positive spacing.

Cards come in two weights—the medium (9½/1000 of an inch) designated by the digit -2 after the catalog number (e.g. 260-2). This is the thickness used in the Library of Congress. The light weight (7½/1000 of an inch) is designated by the digit -3. The light weight is used for shelf list cards or where space is at a premium—in the public catalog.

There are four styles in each weight: Unruled, Typewriter, Special Typewriter and Ruled for Pen.

Pluperfect Card Prices

25,000, per M	2.10	2.60

Demco Electric Eraser

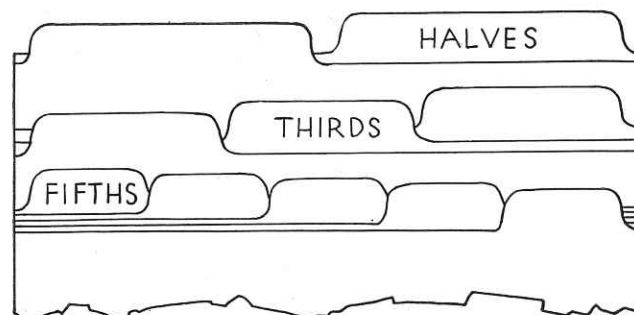

THIS 6 ounce electric eraser reduces the tiresome job of erasing catalog cards to a matter of seconds. It fits nicely in the hand—is easy to control with its slender compact shape and light weight. There is no heavy awkward weight to guide—no danger of drilling holes in the card.

It is equipped with a flash-light type switch which starts or stops the motor at a touch of the finger or you may slide the switch for continuous operation. Constructed with a shock-proof Bakelite case, air-cooled by a fan to prevent over-heating. Brushes are replaced in a jiffy—no need to send the eraser to the factory. It never requires oiling.

Eraser tips are easily replaced. Operates on either AC or DC current. It has an 8 foot tinsel cord which does not kink.

No. 604 25 Division A-Z—⅓ cut printed tabs, set... .45

Visible Angle Tab Catalog Guides

IMPROVED

NO TABS are hidden when they are set at a 45 degree angle as is the case with these guides. They are particularly useful in the lower drawers of your cabinet case where guide titles are difficult to read. The half-cut tab enables you to use a generous title.

Where extremely long subject headings occur, specify the No. 644.1 angle tab guide. The tab is full cut and is long enough to accommodate 3½" of typing. College libraries will find the longer tab guide very helpful. The guides are made of heavy gray pressboard, thus insuring long wear. Labels are removable and because all titles are instantly visible, it eliminates unnecessary fingering and enables one to find a card quickly.

Two recent improvements: Celluloid tab is attached by a special heat process, eliminating rivets and greater strength is obtained because the sturdy pressboard of the body extends up and reinforces the celluloid tab.

Celluloided Catalog Guides

THESE Paramount Catalog Guides possess unusual strength and rigidity. They are made of heavy gray press board with celluloid tips. Their surface is hard and smooth. Alphabet in 25 divisions, in the standard size, 7.5 cms. high, 12.5 cms. wide, with round punching.

No. 620 A to Z per set...\$1.50

Insertable Catalog Guides

THIS heavy gray pressboard guide has transparent slotted celluloid tab which is attached by a heat process. There is no hidden space as labels are as large as the ¼ cut tabs. Made with left, center and right cut tabs. Perforated sheet form labels that accompany the guides are filled out on typewriter and easily inserted.

HOW TO USE THIS CATALOG

This is a catalog of the books in the library arranged alphabetically by author, title and subject.
 Example: The book entitled "American Scene" by Henry James may be found under James, the author, in the drawer marked J; under "American Scene," the title, in the drawer marked A; and under U. S. Description and Travel in the drawer marked U.
 All books about a person may be found under his last name.
 Example: Lindbergh, look in drawer marked L.
 The letters and figures in the upper left hand corner of each card show where the book may be found on the shelf. The books are arranged on the shelves in numerical order from 100 to 900, and under each number alphabetically by author.
 If you cannot find the book you want, the librarian will be glad to assist you.

Catalog Instruction Guide

MANY librarians place one of these instruction cards at the front of each tray to explain how the catalog is used. The card is really indispensable because the information is concise and easily understood. (Copy is similar to poster on page 51.) Size 7.5 x 12.5 cm. Printed on a special blue guide stock and punched for rod.

Loose Leaf Accession Sheet

These half numbered sheets only necessitate your typing the first digits to indicate the 100's or 1000's. The sheets fit the multi-ring binder shown below. If sheets are desired with different punching, send complete specifications or sample with your order.

No. 170	25 lines per page. Durable ledger paper. Size of sheet, 9¾ x 10½ inches.	
1000 lines (20 sheets)		95c
5000 lines (100 sheets)		\$4.00

Accession Post Binder With Sheets

No. 171-B is an inexpensive multiple ring binder which opens easily by pressing the two bars together at the bottom of the rings. Made of binder's board; round cornered and covered with black grained imitation leather. Library name embossed on front cover for 35c per line.

No. 171	1000 lines (20 No. 170 sheets) with 171-B binder	\$ 2.60
No. 171-2	2000 lines (40 No. 170 sheets) with 171-B binder	3.45
No. 171-5	5000 lines (100 No. 170 sheets) with 171-B binder	5.65
No. 171-B	Binder only	1.65

Simplified Accession Record

Page size 9 1/4 x 11 1/4 in.

This bound form is particularly suitable for schools and small public libraries. There are 25 lines to the page.

- No. 107 500 lines, pressboard, cover 95c
 No. 109 1,000 lines, pressboard cover \$1.50
 No. 110 2,000 lines, pressboard cover 2.55

Condensed Accession Record

Page size 7 7/8 x 9 3/4 in.

This bound form of accession record is exactly as shown on the illustration at the left. It is printed on high grade ledger paper. There are three styles of binding. We recommend the 3/4 leather because it will outwear the ordinary pressboard cover.

- No. 103 500 lines—Demconila cover \$1.05
 No. 104 1000 lines—light weight brown cover 2.20
 No. 105-P 2000 lines—press-board cover \$ 3.00
 No. 105 2000 lines—3/4 leather 10.50
 No. 106 5000 lines—3/4 leather \$12.50
 No. 103-A Unbound sheets—size 10 1/2 x 16—10 sheets— 80c

Comprehensive Accession Record

This form allows full entry of all detailed information. Page size 7 7/8" x 9 7/8". Printed on durable ledger paper. Made only in large size.

- No. 108 5,000 lines—3/4 leather \$12.90

Loose Leaf Borrower's Register

Numerical records of library patrons are necessary and this loose leaf registration form for borrowers is recommended because entries can be made by typewriter. The accepted application card serves as an alphabetical borrowers' record and the borrowers' register furnishes the numerical record. Each name and address is written in register when application card is completed. The space at the left of the number may be used for date. The registration number appears on the application and borrowers' cards.

There are 25 lines to the page and the pages are numbered. These sheets are available in two sizes: No. 114—8 3/4" wide x 9 1/2" high and No. 113—10 3/4" wide x 9 3/4" high.

The No. 114 sheet will fit No. 116-A Post Binder and No. 113 will fit the No. 115 Ring Binder.

Be sure to state size of sheet when ordering.

- No. 113 or 114 1,000 lines (20 sheets) 95c
 5,000 lines (100 sheets) \$4.00

No. 113-C Combination of No. 113 sheets and No. 115 Loose Leaf Ring Binder

or

No. 116-C Combination of No. 114 sheets and No. 116-A Loose Leaf Post Binder

- Binder with 1,000 lines (20 sheets) \$2.75
 Binder with 2,000 lines (40 sheets) 3.65
 Binder with 5,000 lines (100 sheets) 5.80

No. 115 Binder (used only with the No. 113 sheets) has two rings. Capacity of 5000 lines. Made of binder's board covered with black imitation leather.

- No. 115 Binder only \$1.80

Borrowers' Register (Bound Form)

This form is used if a bound borrowers' register is preferred. Has same rulings, headings, and is printed on same stock as loose leaf sheets. This record bound in pressboard cover or long-wearing 3/4 leather binding.

- No. 117 1,000 lines—light wt. brown cover \$1.65
 No. 119 5,000 lines—3/4 leather 6.75
 No. 120-A 10 separate sheets 80c

Application Card For General Use

THIS application card is best suited for the school, county and smaller libraries. It may be used for both adults and children. It is printed on one side only and not punched. The stock is heavy weight Demconila.

Standard size, 7.5 x 12.5 cms. (3" x 5").

Application Card, No. 200-A

Application Cards - Public Library

THERE are two forms, one for juvenile and one for adult applications. Should your library require special forms, we can supply them in any style and at attractive prices.

Cards are printed on light weight DEMCO

bristol, white for adults, salmon for juveniles.

These two forms are stocked in light weight because of demand and this demand is undoubtedly due to saving in filing space.

Self-Charging Date Card

In the self-charging method, the date card replaces the date slip shown above. These cards are printed in the same colors and weights as self-charging book cards—white, blue, buff and salmon; in both light and medium weights. Date cards should correspond in color with the book cards so as to eliminate the possibility of inserting the wrong date card in the pocket after the book card is checked.

Note: Specify colors and weight when ordering.

10,000 per 1,000 -----	5.10	7.80

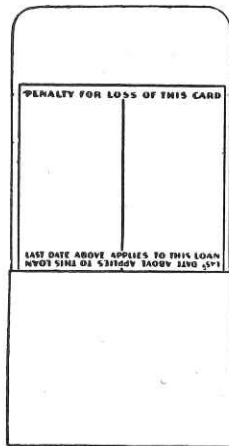

Reenforced Book Pocket

REINFORCED style accounts for the popularity of this book pocket. Double thickness at the top and corners gives added strength where wear is greatest. Also the folded under edge of this special paper acts as a grip to the inserted card. The picture shows the construction. It is easily inserted in the typewriter. Dimensions: 3½" wide, 4½" high.

	No. 289 Plain	No. 289-A Printed*
500 -----	\$3.35	\$5.55

Book Pocket Strips

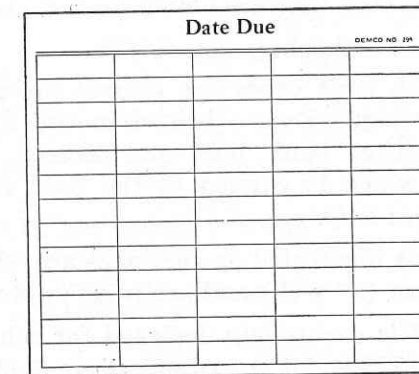

TRIANGULAR book pocket strips may be used either in lower left-hand corner of inside front cover, or in lower right-hand side of inside back cover. If rules are to be printed, please specify whether they are to be used on inside front or inside back cover. These strips are made of good quality Demconila and provide strong inexpensive pockets for small libraries.

	10,000 per 1,000-- 4.85

Corners will be clipped without additional charge.

* No special printing on orders for less than 500
Write for quantity prices of 25,000 or more on all book pockets
* Send for Printing Manual giving choice of sizes and styles of type.

Combination Pocket and Date Slip

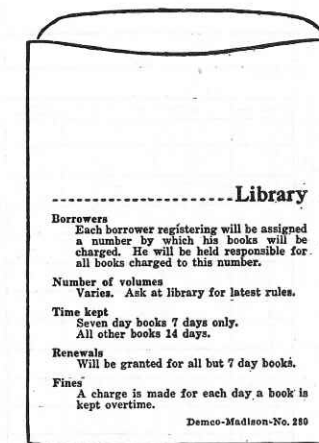

No. 295

THE Demco combination date slip and book pocket is printed on Demconila stock (same weight as No. 2880). It is 4½ inches wide by 4 inches high. Horizontal ruling is so spaced that stamping process is rapid. Ungummed.

No. 295

Easy-Fold Pockets

THESE easy fold, open end book pockets have met with great acceptance throughout the country. They are made of the finest Demconila procurable and are accurately cut. Folding the pockets and inserting them in the books is a simple matter. Any standard size book card fits them. May be had printed as shown here and scored for easy folding, or unprinted and unscored, or printed with your own rules and scored. Send copy of library rules with order when the third style is desired.

No. 1247 Firm, fine for General Writing	No. 1251 Broad stub
No. 1248 Firm, medium for General Writing	

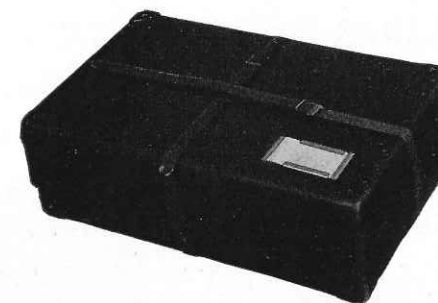

Gummed Book Labels

IN CONCENTRATING on two sizes of gummed labels we have found, through research, that these are the most suitable for library purposes. The labels are available in either white paper or a fine textured white gummed cloth. You will be delighted with the excellent writing surface for ink. Many libraries prefer cloth because it stands harder usage.

	Nos. 838 and 839 Paper	836 and 837 Cloth
1,000	65c	\$1.55
5,000	3.00	7.50

Stamp Pad Cleaner

Here is a handy, universally used article for cleaning rubber stamps and ink pad. The blades virtually renew the pad by removing the lint. Little teeth clean and renew the type faces of the daters. It prevents both pad and dates from becoming "fuzzy" and keeps them efficient and new in appearance.

No. 366 80c

Demco Library Supplies

De Luxe Rubber Base Stamp Pad

New Rubber

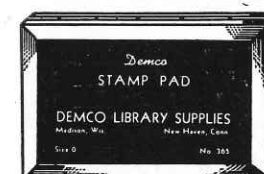

Outstanding Features:

Silent Rubber Base.
Reversible Stamping Surface—2 pads in one.
Perfect impressions—no smears.
The reservoir principle makes it easy to re-ink.
Typewriter ribbon stamping surface outwears all others.
Reservoirs keep pad inked six times longer than ordinary pads.

Available in black, red and blue.

No. 374 2 1/2" x 4" \$1.35
No. 375 3" x 6" 1.65

Electric Stylus

The continuing shortage of electrical material makes it necessary to temporarily omit the Demco Electric Stylus. When a pre-war quality stylus becomes available, it will be promptly announced in the various library publications.

Transfer Paper

There are good reasons why librarians prefer Demco Transfer Paper. Only small quantities are purchased at one time so that you are assured of receiving fresh transfer paper which will make clear lasting impressions. Experience has shown that the ordinary 100 foot rolls dry out before entirely used. As a result, markings "flake off" and become obscure.

Demco therefore packs transfer paper in 50 foot rolls and then seals in the freshness by using air-tight metal boxes.

Transfer Paper 7/8" x 50' long

Demco Library Supplies

Library Embossing Stamp

THE die and embosser of this stamp are made of fine quality nickel plated steel. The deep letters of the embossing die insure a permanent impression. The die will accommodate a straight line of letters 2 1/4" long.

Should you prefer a round seal, 25 letters may be used in forming the circle. (A smaller size type is available if more than 25 letters are necessary.) The Desk seal (No. 384), using a 1/8" letter or type size, allows 25 letters in the outer circle.

Specify whether stamp is to be used from the top, bottom, right or left hand side of page. Prices below cover 1 1/8" circular die with one straight short line in the circle or a straight line embosser of 3 lines. Only the Desk Stamp is illustrated.

No. 383 (Pocket) -----	\$7.60
No. 384 (Desk) -----	\$9.35

PUBLIC LIBRARY
RIVER FALLS, WIS.

Many combinations are available in straight line embossers—with varying sizes of types and dies. We will gladly submit prices when we know your requirements.

Removable Blade Steel Erasers

High Grade Rubber Bands

These rubber bands have that pre-war stretch because they are made from real, live rubber. The ¼ pound boxes are packed with a complete assortment of sizes for every library use.

No. 371 ¼ lb. box 75c

Sanitary Moistener

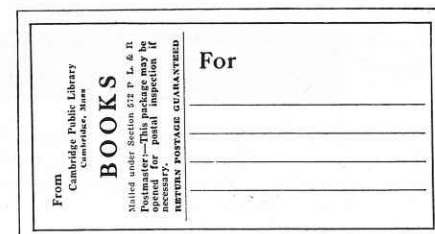

The 2½" wide roller lifts out of the sanitary, attractive cup, of glazed white porcelain. Rubber feet prevent marring highly polished furniture. This moistener is built to last many years. It is ideal for moistening gummed labels, postage stamps, envelope flaps, etc., because it applies the moisture quickly and surely.

Nothing to sour, change or wear out.

No. 368\$2.30

Shipping Labels For Books

Present mailing regulations now allow a library to send books to out-of-town patrons at the rate of 1½ cents per pound.

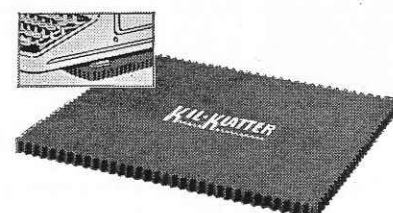

2¾" high x 5" wide.

To expedite such shipments we have prepared these time-saving labels (as illustrated). They are printed on white gummed paper and can be quickly attached to a package of books. Errors in shipping are reduced and they are to be used both for shipping from the library and also for the return of the books. Send for Printing Manual showing sizes and styles of type.

Typewriter Cushion

This improved new typewriter cushion is made of the famous Ozite all hair felt with a treated top to keep machine legs from digging in and a non-skid bottom to prevent sliding. 13" x 11" in size.

No. 349 Felt cushion, each\$1.15

Demco Library Supplies

Demco Ink Eradicator

Demco ink eradicator is a quick and positive way of removing ink or stain from paper or cloth (except silk and rayon).

The No. 1 solution softens the ink while the No. 2 bleaches it out. A second application of No. 1 will neutralize the chemicals.

No. 312 Demco ink eradicator, two bottle set 35c

"Ink Out" Eradicator

An exclusive patented formula which makes a permanent eradication in a single application. Permits quicker rewriting because the paper dries more rapidly. It will not leave a brown stain.

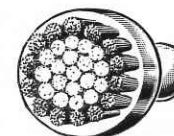

It may be used on paper, cloth (except silk) or on the hands. Ink-Out contains no acid.

No. 313 Ink-Out eradicator, ½ oz. bottle 35c

Type Cleaning Brushes

A few strokes with these wire center bristle brushes quickly remove all ink and foreign particles.

No. 378 Round style (illustrated) for L. C. Smith, Royal and rare Woodstock, each\$1.40
No. 379 Toothbrush style, for Underwood, Remington and early Woodstock, each 1.15

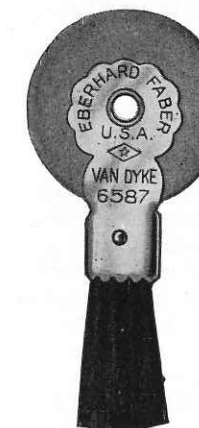

Thumb Tacks

This high quality thumb tack has a sharp and extra strong point which will not break easily. The illustration shows the exact size.

They are packed 100 to a box.
No. 304 Thumb tack

1 box 35c
5 boxes\$1.60
10 boxes 2.80

Typewriter Erasers

Circular erasers with or without a brush are necessary wherever typewriters are used. The gray is a firm, high quality eraser with a slightly more abrasive action than the red. The red color should be used wherever a medium soft eraser is desired, particularly for carbon copies.

No. 342 Red with brush

No. 343 Gray with brush
3.....50c

No. 345 Red without brush

No. 346 Gray without brush
3.....30c 6.....50c 12.....90c

Eraser Tips

No. 335 Square

When the eraser on a pencil becomes worn, it is convenient to have a supply of eraser tips. Two styles are available: the familiar wedge shaped tip and the new square shaped top. Both fit the end of all standard diameter pencils.

No. 336 Wedge 12.....30c 72.....\$1.60 144.....\$2.90

The square tip is reversible, giving double the wearing surface. They are of the soft pencil type, red in color.

No. 335 Square shape reversible tip.
No. 336 Wedge shape tip.

Numbering Machine

Indispensable for recording accession numbers in books or borrowers' numbers on cards. The next number is always visible.

Machine has 3 movements—consecutive, duplicate and repeat. Numbers from 1 to 999,999 exactly like the sample impression below the illustration.

Extra inked pads are available in black or red.

No. 317 Numbering Machine\$25.00

Demco Typewriter Ribbons

STANDARD RIBBON

A good serviceable ribbon at a moderate price. The perfect cutting and edges positively prevent any raveling.

The colors are perfectly balanced and compounded so that the ink feeds evenly and smoothly, insuring a splendid

uniformity of work throughout the long life of each ribbon.

THEY POSSESS MAXIMUM RECUPERATION OR "COME-BACK" EFFICIENCY

Available in black and red, all black, blue, green, purple, red, and brown.

Medium inked ribbons will be shipped unless you specify otherwise. If you desire light, extra light or heavy or extra heavy inking, please indicate.

No. 314 Standard ribbon

1 ribbon -----\$1.15 6 ribbons -----\$6.30
12 ribbons -----\$11.50

When ordering, specify color, make of typewriter, model number and width of ribbon.

You can save money by buying a coupon book good for 12 ribbons and ordering them delivered as required. The 12 ribbon coupon book is \$11.50.

SPECIAL LIBRARY RIBBON

This particular ribbon of superb quality will give the utmost satisfaction. It has proved by years of exacting competition to be unsurpassed by the best of other makes. Particularly recommended for fine catalog card work. It embodies every desirable property: durability, legibility, permanency, uniformity and cleanliness.

Available in black and red, all black, blue, purple, green, red and brown.

Medium inked ribbons will be shipped unless another degree of inking is specified.

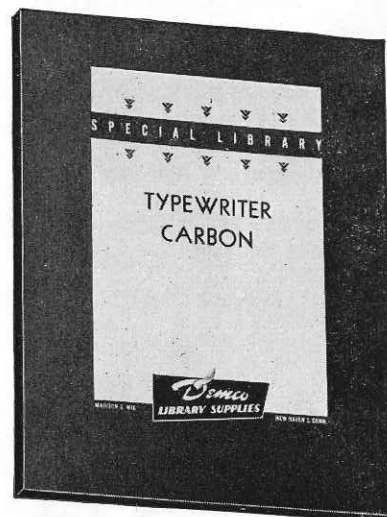

No. 316 Special library ribbon

1 ribbon -----\$1.45 6 ribbons -----\$8.05
12 ribbons -----\$13.80

When ordering, it is necessary to specify color, make of typewriter, model number and width of ribbon.

12 ribbons on coupon basis, if preferred, at \$13.80

Demco Special Library Carbon Paper

An excellent carbon paper with strong writing qualities and unusual durability, yet reasonably priced. Every fibre is thoroughly impregnated to insure lasting satisfaction. The extra 1/2" length (11 1/2" instead of 11") means longer usage and easier removal of the carbon.

Available in one size—8 1/2" by 11 1/2" (other sizes on request) and in the following colors: black, blue or purple. You will find the standard or medium weight best for general library use. If over five copies are required, specify either light weight or feather weight. Three finishes are available: regular, hard or dense.

No. 319 Special library carbon paper

Box of 100 sheets -----\$3.45
12 sheets-65c 25 shts.-\$1.15 50 shts.-\$2.00

Be sure to specify color, weight and finish desired. Otherwise black, medium weight, regular finish will be furnished.

Demco Liquid Type Cleaner

A new liquid type cleaner that quickly dissolves all dirt and ink leaving the type clean. A handy applicator comes with each bottle. Simply apply a small quantity and brush the type thoroughly. Equally good for typewriter, adding machine or multi-graph type. Dries quickly without using a cloth.

No. 306 Demco Liquid Type Cleaner, 2 oz. bottle -----65c

Duplicating Supplies

Stencils

Sovereign stencils are of the highest quality made, regardless of price. The sheets are flawless, uniform and durable, giving from ten to fifteen thousand impressions. Copies are clear and clean, whether typewriter or styli work. Stencils are silver-top imprinted with typewriter scale. Available in all sizes to fit all makes of duplicators.

Packed and heat-sealed in special wrappers to assure you of "factory-fresh" stencils at all times. You have the choice of both cellulose or non-cellulose stencils.

When ordering, please specify the make of duplicator and model number.

No. 1200 Letter size stencils, per quire -----\$3.60
No. 1201 Legal size stencils, per quire ----- 3.80

Grade-A Duplicating Inks

These inks are especially prepared and adapted for use with either open or closed type cylinder duplicators. They are uniform in quality, free flowing and quick drying. Carefully compounded to avoid drying or hardening on the ink pad or cylinder. For use with cellulose or non-cellulose stencils. All inks are fully guaranteed.

Correction Fluid

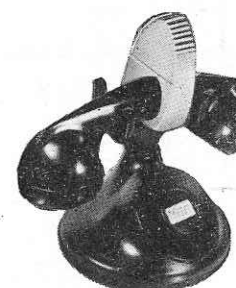

Makes perfect corrections, dries in an instant, withstands hard usage. It leaves no trace of the error in finished copy, and can be used with all kinds and makes of stencils. Complete with glass burnisher and brush applicator attached to bakelite cap.

No. 1230 Correction fluid—1/2 oz. -----40c

A Complete Catalog of Duplicating Supplies

We will be glad to mail you, upon request, a 24 page catalog illustrating duplicating supplies and accessories as well as equipment. You may address inquiries either to Madison, Wis., or New Haven, Conn.

Plastic Foneholder

EVERY library telephone should be equipped with this handy Plastic Foneholder. Frees both hands when answering the phone. Ideal for use at the Charging Desk when making telephone renewals. The Foneholder is restful and relaxing. It can be attached to any style receiver.

No. 1275 Plastic Foneholder -----60c each

[illegible][illegible]

Classified Summary of Additions and Withdrawals

[illegible]

AN accurate record of the number of books in each of the 10 main classes is most essential in keeping the library well balanced. Record Book Form 2 is intended for this purpose. A plus sign (+) is used for additions and the minus sign (—) for withdrawals. We recommend making entries in the same square for each month. The

two columns at the extreme right are for the total "plus" and "minus" signs. Thus 104 + or 25 —. The bottom of each sheet carries full instructions.

Demcobind Supplies

Oversize Demcobinders

For large Juvenile books use Oversize Demcobinders, Dimensions: 36" long, 12" end papers, back widths, 1½", 5/8", ¾" and 7/8". You cut to required length. Price 30c each. Minimum of 5 must be ordered; widths may be mixed.

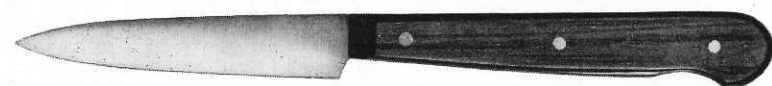

For Bound Periodicals use Oversize Demcobinders. Dimensions: 36" long, 12" end papers, back widths, 2¼", 2½", 2¾" and 3". Price 35c each. Minimum of 5 must be ordered; widths may be mixed.

Special Demcobind Needle

This needle has an eye the correct size for the new Demcobind thread, and to go through the holes made by the No. 901 drill point. Each package contains an assortment of two lengths of needles (2½" and 2¾") to be used in sewing varying thicknesses of books.

No. 907—10 needles per package.		
1 pkg.-----	20c	3 pkgs.-----45c
No. 907-A	5 Extra-long Needles	6 pkgs.-----80c
		20c

Improved Book Knife

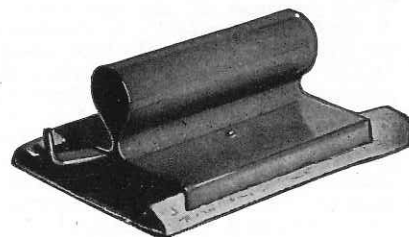

This knife is ideally suited for use in book repair work. The high grade carbon steel blade maintains a good cutting edge and sharp point. Has a handle. 2¾" steel blade, 3½" handle.

No. 911 1 Knife-----55c 5 Knives, each-----45c

End Sheets

Your books will retain a neat appearance much longer if you use our special, durable end-sheet paper in your binding repair work. Toughness and long life are its chief assets. Available in two sizes—6 x 8 inches and 8 x 12 inches—and two colors—Tan and Grey.

Sandpaper Buffer

The Demco Sandpaper Buffer has a flat surface of 4¾" by 5¾". A much coarser, heavier and better grade of sandpaper than is usually furnished comes with this buffer. With it, each cleaning process is accomplished quickly and with very little effort.

No. 997	(With six sheets of sandpaper)	55c
No. 998	Extra sandpaper—one package of 10 sheets	20c

Demcobind Thread

Our new Demcobind linen thread comes on spools instead of in the unsatisfactory skein. It is a heavier thread and is unwaxed. The greater strength and pliability of this new thread makes it possible to sew

the contents of a book with a loose stitch thus insuring against tearing the pages. The spool contains about 2½ times as much thread as a skein of the same thickness and weight.

No. 908	1 spool (100 yards)---	70c
	6 spools, each -----	60c

Art Gum

Universally used for cleaning books, pictures, leather or fabrics of any kind. Never hurts anything but the dirt, never erasing anything that is written or printed in ink.

	12 cans, each -----	30c

Demcobind Supplies

Demco Clamp Used for Drilling, Sewing Buffing, Lettering

● This precision clamp which has made it possible to clean, drill and sew the entire contents of a book, has been improved in design and operation. It weighs about 12 pounds and has ample capacity both in width and depth.

The Six Improvements

1. The threaded handle bar now requires only seven revolutions to the inch in opening the jaws where previously it took 16 revolutions. The speed of opening and closing has been more than doubled.

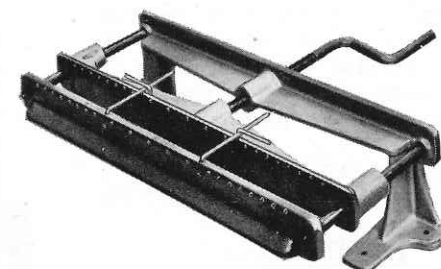

2. The bosses of the middle (movable) jaw (the parts through which the two end rods pass) have been lengthened to eliminate any end-play.

3. A bronze bushing holds the threaded handle to the middle of the movable jaw.

4. The upper inside edges of the threaded jaws are beveled. This makes it possible to make the back of the book perfectly flat for drilling irrespective of the creased hinge.

5. The two guide bars, swinging from the front jaw to the back, definitely fix the position of the book in the clamp. Therefore the drilled holes made by the Demco special paper drill point No. 901 are uniformly located as far back in the margin as is possible. This insures the book, after being resewed, laying open flat.

6. Dimensions: 14½" capacity by 2½" depth. By reversing back section depth capacity may be increased to 4".

Other Features

In the center of each jaw the holes for drilling are an inch apart, while near the ends they are placed every half inch. The holes in the back jaw are not only larger, but are counter-sunk (cone-shaped); thus making them wider and insuring that the drill point will go through the back jaw.

The clamp is easy to manipulate. The back jaw (section) is moved toward the front jaw by means of the revolving handle. Thus either the right or left hand is free to hold the contents of the book since only one hand is necessary to adjust the clamp.

Screws for fastening to table are furnished. Small malleable iron fastening clamps are available for 30 cents per pair, if ordered with clamp.

No. 996	-----	\$9.90

Demco Runny Paste

Scores of librarians and menders tell us perfect results are attained with Demco Runny Paste. These people, in requisitioning a new supply, wish to avoid the substitution of a paste supposed to be "just as good".

For five years, we have been experimenting in our adhesives laboratory to improve Runny Paste; to find a means of decreasing cost; or to find a substitute. Whenever we have experimented with inferior materials, or attempted to skimp on manufacturing costs, the results have been disastrous. There's no substitute for quality.

HERE'S WHAT TO AVOID. Most pastes used in book repairing have one or more of these common faults:

1. They harden or thicken with age or exposure to air with the result they cannot be applied evenly or quickly.
2. In hardening, they lose their strength.
3. If diluted with water, they become lumpy.
4. Most pastes lack flexibility so that after becoming hard, they check, crack or peel.

HERE'S WHAT TO DEMAND. The formula of Demco Runny Paste is the result of careful, scientific laboratory research to eliminate the troubles of ordinary pastes.

Insist upon Runny Paste by name and, if necessary, add the following specifications, stating that the adhesive furnished must possess every one of these requirements:

1. The paste must be Demco Runny Paste or an equal Dextrin.
2. It shall be a permanently concentrated solution.
3. It must be fluid to spread smoothly, evenly, and quickly.
4. It must be freely miscible with water without the slightest lumping.
5. Even when diluted, it must have a strong durable bond.
6. It must be unusually flexible and free from cracking, checking, crumbling or peeling.
7. If any acid, alkali or oxidizing agent is added to prevent the paste from a tendency to harden, this agent must not in any way destroy the adhesive quality of the paste.

If the paste you receive has all these properties, then you will be using DEMCO RUNNY PASTE. It is the only paste possessing all these important qualities. Don't take our word, send for a sample.

INSIST ON DEMCO RUNNY PASTE

Agokee Paste

This paste—in glass containers is the old library standby. It is soft, creamy and spreads from the brush in a smooth even coat on the paper.

Agokee, made of select materials is combined in a secret manner according to our own formula. Send for sample.

Demco Cactus Cleanser

Recommended Especially for Books

Something NEW for Cleaning Soiled Pages of Books
No Fuss—No Rubbing—No Cracked, Chapped Hands

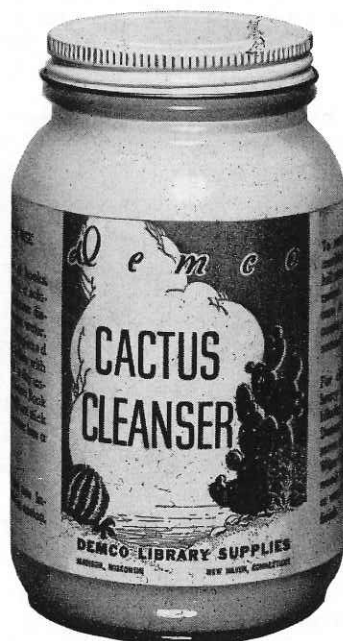

WHAT IT IS

A mild, odorless, pure agent that

1. Acts quickly to remove stubborn dirt, smudges, finger marks.
2. Contains no caustics. Will not chap or crack the hands. Is kind to the skin.
3. Contains no abrasives. Will not injure the finest wood finishes.
4. Mixes freely and easily with water when required.
5. Is economical. A little goes a long way. Most cleaning is done with 1 part to 8 parts of water.
6. Never spoils. You can safely purchase large economical sizes.

WHAT IT WILL DO

1. Cleans dirty, soiled pages of books. Especially made for quickly removing stubborn marks with no rubbing. The powder base prevents pages sticking together.
2. Cleans most book covers and makes them look like new. Complete directions accompany each bottle.
3. Removes stylus markings made in error, if not covered by shellac or lacquer.
4. Cleans that tough film of dirt from chairs, desks, counters and filing cases.
5. Removes all dirt from painted walls and woodwork.
6. Cleans and renovates Venetian Blinds.

Flexible Glue

FOR many years we have tested and used practically every outstanding flexible glue in our bindery. Demco Flexible Glue has proved to be the most satisfactory for general library use.

Since a flexible glue has an animal base it should be heated to a temperature of 150° to 155° Fahrenheit. If more intensive heat is applied there will be a conversion of the glue into an undesirable stringy substance. For that reason we recommend your using a thermostatically-controlled glue pot. It is also advisable to heat only that amount necessary for the day's work as reheating of glue tends to reduce its adhesive qualities.

No. 950-B Per pound \$1.10

Gummed Materials

Double Stitched Binder

MADE of a superior quality of gummed cloth—one side gray—the other side white. This binder is used in the Toronto Method of book repairing to join the contents to the cover. The gray cloth matches the gray end paper; the white cloth the fly-leaf.

Demco Double Stitched Binder is made with both rows of thread lock-stitched. This is your assurance of the threads not unraveling.

In ordering, be sure to specify the widths desired between stitching. For instance, a 1" double stitched binder is used with the contents of a book that measures 1" thick at the back.

Double Stitched Binder is available in rolls of three different lengths—short standard rolls ranging from 4 to 8 feet; 25 yard rolls or 50 yard rolls.

Standard size rolls—4 to 8 feet.

Widths as follows: $\frac{1}{4}$, $\frac{3}{8}$, $\frac{1}{2}$, $\frac{5}{8}$, $\frac{3}{4}$, $\frac{7}{8}$, 1, $1\frac{1}{8}$, $1\frac{1}{4}$, $1\frac{3}{8}$, $1\frac{1}{2}$, $1\frac{5}{8}$, $1\frac{3}{4}$, $1\frac{7}{8}$, 2, $2\frac{1}{8}$, $2\frac{1}{4}$, $2\frac{3}{8}$, $2\frac{1}{2}$, $2\frac{5}{8}$, $2\frac{3}{4}$, $2\frac{7}{8}$, and 3 inches.

4-11 rolls—5%; 12 or more 10%.

Single Stitched Binders

SINGLE stitched binders are used for pasting in loose leaves, loose sections, or for pamphlets which are not very thick. The binder consists of two strips white gummed cloth tape, single stitched down the center, thus forming a hinge with gummed surface outside. Single stitched binders are not used on books that are to be rebound.

You have a choice of three types:

Heavyweight, made of the same material as Double Stitched Binder (best for pamphlets.)

Lightweight, made with a lightweight cloth so as to give more pliability (best for an occasional loose section.)

Transparent, made of a transparent cloth (best used where the inner margin of the pamphlet or loose section is so narrow as to be partly covered by the cloth hinge.)

Heavyweight and Lightweight Single Stitched Binders are available in the following widths and lengths:

	Heavyweight	Lightweight
$\frac{3}{4}$ " x 15 feet No. 934	No. 934	No. 960

Visualizing Library Routines

Mrs. Winifred Davis, formerly chief of the Library Extension Division for the Wisconsin Free Library Commission has written two widely acclaimed visual manuals, one especially for the public library in small towns and the other for the small school library.

Pictorial Library Primer

A manual of procedure for the small public library, profusely illustrated. Particularly helpful to new staff members. Full cloth binding. \$1.50

School Library Routines Visualized

A 60 page, fully illustrated manual of essential school library routines including chapters on subject headings and care of pamphlets. Full cloth binding. \$2.50

DEMCO INDIVIDUALIZED BOOKPLATES

TO MEET the demand for individualized bookplates for memorial collections or special groups of books, Demco continues the popular typographic style. This plan is unique because you actually make your own design for the particular use it is intended.

It works this way. We furnish you a specimen book containing borders, corners, type styles and ornaments. You cut out your preferences, including a small seal or design of your own, if you wish, then paste them in the style that is most appealing. You will have a bookplate entirely different from any other ever produced. If you prefer, send us copy and our craftsmen will create a style that we know will be in good taste, a true expression of character and beauty—a perfect bookplate.

Demco bookplates are printed on a special gummed or ungummed hand-made vellum. The standard size is 3 inches wide by 4 inches high. Specify whether plate is to be gummed or ungummed.

Book Marks

These book marks are made to serve two purposes: one of educating readers in library rules and the other as a guide to "the place" in a book. Our book marks are 3" wide and 6" high. The minimum order must total 500; not less than 100 of any one style. Our prices are based on the total quantity ordered. They are printed on pastel shades of cover paper. We will be pleased to send samples of book marks that interest you.

Self-Charging Poster

BORROWERS CHARGE THEIR BOOKS
Write your card number on card in book pocket.
WHEN LEAVING show your library card and books to assistant at desk.

This poster, which is 4" high by 11" wide, is printed on heavy fawn colored cover paper. It is essential to the successful operation of the Self-Charging system and should be placed in all shelf locations from which borrowers may choose books. It is also desirable to display these posters on reading room tables and the charging desk. Use the wood poster holders, illustrated above, for this purpose.

PLEASE NOTE

Many of the old favorite Demco posters, illustrated in the 1940-41 catalog, are still available. We shall be glad to have your inquiries regarding any individual poster or series of posters and to send you information on those items which still may be procured.

You may write to either our Madison, Wis., or New Haven, Connecticut offices.

Visible Periodical Record

THE Visible Periodical Checking Record saves 25% of your posting time and, through the visible control made possible by use of transparent signals, a complete picture of the status of each periodical is instantly flashed. The smaller lists are easily accommodated in the light portable bookunits with a capacity up to 130 cards. Or, where the list of periodicals exceeds 300 titles, we suggest the purchase of the regular visible card cabinets with 6, 7, 12 or 13 trays. These cabinets have capacities ranging from 438 to 949 cards. The illustration on the following page shows one of the four sizes available.

Individual cards are provided for each frequency—monthly, weekly and daily. Each checking card requires an order card which is housed

in the back of the preceding card pocket. Thus a complete history of the periodical is available at one glance.

The visible control is almost unlimited. The transparent signals, a different color for each frequency, show the month of the last issue received so that delinquencies are immediately noticed. A red signal, for instance, over "Inc" denotes a missing number, or a signal over "Bind" shows that there are certain issues at the bindery. Expiration date may be indicated by a signal or typewritten "x" over month subscription expires.

Write us for suggestions on the solution of your own particular problem of periodical checking.

- No. 1712 ----- 12 Tray Cabinet—capacity 876 cards
- No. 1713 ----- 13 Tray Cabinet—capacity 949 cards

Prices quoted on request

Demco Pamphlet Binders

Here are several styles of inexpensive pamphlet and magazine binders that will not only keep periodicals clean, but make them more attractive and usable.

The pamphlet is bound into the cover by merely moistening the gummed surface of the binding tape and inserting it. If

more than one pamphlet is to go into a cover, they can be sewed or stapled to the hinge.

Four materials are used, namely; red rope, pressboard, lithomount and photomount. It is most essential that you give us the exact dimensions of height, width and thickness. As all binders are made to order, please give binding margin or

height first, width second and then thickness, the latter if double stitched binder is necessary. Either 3/4" hinge single stitched or varying widths of double stitched binder is available. You have the choice of light or dark gray photomount, tan pressboard and tan lithomount. In the binding you may have black, brown, green, red or blue cloth. If color of photomount is not specified, gray with blue binding will be made; also green binding will be used on brown photomount and brown binding on lithomount and pressboard.

Each order must be for twelve binders and not less than six of one size.

For double stitch binder, thickness must be stated.

Red Rope Binder

This binder is used for magazines and pamphlets. The cover is made in one flexible piece and is available with single or double stitched binder strip on inside center.

With these binders, if they are for magazines of varying thickness, you must give the three dimensions; height, width and thickness.

Tie Binders

Tie binders are made of brown or gray photomount, tan pressboard or tan lithomount. As we make these binders to order, specify which stock and color cloth binding you prefer.

Illustration above shows construction of a tie binder.

The tie binder with laces is inexpensive, convenient, interchangeable and durable. Magazine title is visible because of open back. Merely drill holes in the magazine through the eyelets with a drill or an awl; then insert lace.

Prices on Red Rope Binders

New Deluxe Pamphlet Cases

THE cardboard in these pamphlet cases is twice the thickness of the board used in our No. 534 case. The end (or back) is double the thickness of the sides. The end is bevelled so that the sides are reinforced. The back is covered with either green or brown cloth. Each case has a special reinforced metal ring pull, making it easy to remove from shelf.

Green will be sent unless otherwise specified.

Paramount Colored

Spring
Back
Washable

Magazine
Binders
Durable

TESTS prove that you can actually increase the number of magazine readers by using colorful binders. Magazine publishers use bright colors to step up news stand sales, and you too can gain extra readers with Paramount binders. Scarlet and emerald green add color to any magazine corner.

These spring-back binders are as practical as they are colorful. The covering is waterproof (the

fabrikoid surfaces are easily washed) and contains no filling to fall out. It will not chip, peel or crack and insects will not attack it. The binder is light in weight, durable and easy to see and it requires no cutting or punching to insert the magazine. Requires but a few seconds to insert or remove and nothing is exposed to scratch or mar the rack or furniture. Note the reasonable prices of these modern colorful binders.

Magazine Binders

Spring Back

THIS spring back magazine binder is made to stand hard wear and abuse and at the same time enhance the appearance of the magazine rack. For years it has been a favorite with Demco customers because it proves a good investment.

The steel spring back grips hold from one sheet to an inch thick magazine. Heavy binders board form the covers and they are covered with black or brown buckram. The name of the magazine and library should be printed on the front cover. Sizes below are the exact binder dimensions.

Cat. No.	Color	Size	Each	Per 10

Scrap Books

Demco scrap books have always been popular. They are inexpensive, well-made and attractive. Scrap books containing pictures, poems, newspaper clippings and most important of all library activities—are essential in every library.

We have three sizes available; two of which may be purchased in 24 or 48 page form. You may choose either a brown or a red cover; but if you have no preference, the brown cover will be sent. No order for less than five at the prices stated below. Sizes, however, may be mixed.

Celluloid Picture Holders

The hand-made celluloid picture holder is durable and handy for protecting pictures and similar material from soiling.

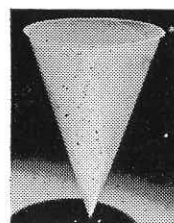

The transparent celluloid is eyeleted to photomount on three sides. If you want these holders transparent on both sides, we make the holder from two pieces of celluloid firmly eyeleted together

without the photomount backing.

All holders are made to order. The sizes given are measurements between eyelets. The dozen prices apply on assortments for not less than three of one size. In the sizes the height is given first.

Paper Drinking Cups

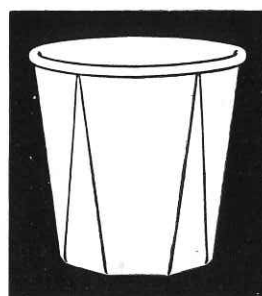

No. 1513

The DeLuxe Vee Cup

The DeLuxe Vee cup is made from extra heavy, pure white, dry-waxed paper. The firm rolled rim makes the cup extra rigid and more pleasant to use. Comes packed 250 to a package, in a patented self-dispensing tube or will dispense from the streamlined dispenser which you may buy. (See below)

	Per M		Per M
Less than 5,000	\$2.20	10,000	\$1.90
5,000	2.00	25,000	1.80
250	70c		

The Universal Cup

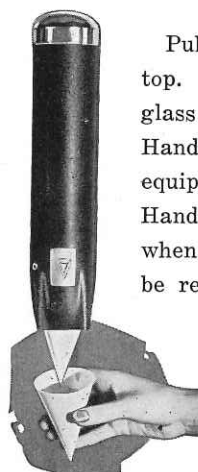

The Universal drinking cup is made of a single piece of dry-waxed paper. The pleats are beautifully set, topped by an extra rigid rolled rim. Packed 250 in a patented self-dispensing package, or you may buy the streamlined dispenser described below.

	Per M		Per M
Less than 5,000	\$2.75	10,000	\$2.30
5,000	2.40	25,000	2.15
100	30c		

Streamlined Dispenser

Self-Dispenser

Simply push in the corners as indicated on the box, then hang up on the wall. Pull the cups out one at a time from the bottom. Both the Vee cup and Universal come packed in these Self-Dispensing packages.

Pull type. Loads from the top. No moving parts, no glass to smear or break. Handsomely finished. Comes equipped with wall bracket. Handy window indicates when dispenser is ready to be refilled.

Cup Dispenser

No. 1515	Vee Type	\$2.00
No. 1516	Universal Type	2.00

The Duet Cloth

No. 1512

Absorbs water like a sponge; cleans, dries and polishes like a chamois. Free from lint after its first wet use. You'll find dozens of cleaning jobs made easy with Duet.

Size approx. 16½" x 14" 80c

Demco Metal Polish

Actually dissolves tarnish so that it can be wiped off with a soft cloth. It restores brilliance to brass, nickel, copper and other metals, at the same time deposits an invisible protective coating that retard oxidation and tarnishing. Cleanings are less frequent, thus saving time. Non-inflammable. Simple to use: (1) Apply polish; (2) Allow to dry; (3) Rub it off.

No. 1517	½ pint	35c	No. 1519	1 quart	\$1.10
No. 1518	1 pint	60c	No. 1520	1 gallon	3.00

Wet Mops

The stick is made of straight grain maple, 5' long, 1½" diameter. The metal parts are all solid bronze. There are no wires, chains or easily broken parts. Nothing in a position to strike baseboards, chair legs or to drag on the floor and mar fine surfaces. A few turns of the rapid acting knurled nut is all that is necessary to replace mop—no cutting or separating of mop yarns necessary.

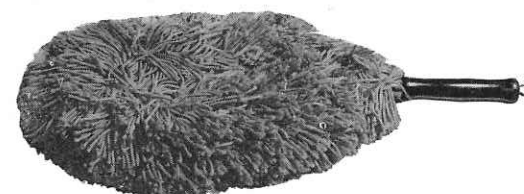

The superior quality of the long-fibred mop yarn will absorb several times its weight in water. It is securely sewed onto a metal tee frame to lend firmness and rigidity to the mop. The yarn is formed around the frame to assure soft cushioned sides, preventing damage to furniture, baseboards and floors, and providing a solid cushion top and bottom for scrubbing excessively soiled spots.

No. 1540	16 oz. mop with handle	@ \$3.00
No. 1541	20 oz. mop with handle	@ 3.60
No. 1542	24 oz. mop with handle	@ 4.20

No. 1545	24 oz. 2.10	21.00

Yarn Duster

Considerably larger and more heavily constructed than ordinary dusters. Made of selected durable yarn, twisted securely into a steel wire frame. Duster can be washed repeatedly and sprayed with a furniture oil so that it picks up all dust. Dusting surface is 10" x 16". Overall length 21".

No. 1530 Yarn Sanitary Dusters Not Available

Sanitary Brushes

The best Sanitary brush is No. 1510, made of genuine stiff black China bristle. The overall length, including the curved handle is 25". Brush proper is 6½" long, 3½" in diameter, spiral wound.

No. 1510 China bristle Sanitary brush \$1.50

The three color Grey Tampico Sanitary brush is 24½" in overall length. The brush is 6" long, 3¼" in diameter.

No. 1511 Grey Tampico Sanitary brush 80c

Yarn Sweepers

With modern floors of linoleum, rubber tile, and other types presenting smooth surface, the yarn sweeper has proven to be the most efficient for cleaning. It not only removes soil and dust but it also polishes at the same time.

The yarn in this sweeper is specially selected, first quality, long-stapled stock with wear-resisting, dirt and dust-absorbing qualities. It is more than 5" from the block length. Yarn is securely sewed in strong khaki canvas forms, which, in turn, are rigidly held to the block by two metal strips. Yarn fillers are easily removed for cleaning or replacement.

Prices below include a turned, high polished maple block with reversible staff holes. Handle is extra strong with very heavy wood thread.

No. 1531	12" Yarn Sweeper complete with block and handle	\$3.30
No. 1532	18" Yarn Sweeper complete with block and handle	4.80
No. 1533	24" Yarn Sweeper complete with block and handle	6.30

A Note Made Necessary Since Publishing This Catalog

PRICES

Present economic conditions are so unstable that it is impossible to guarantee that materials will be invoiced at the prices shown in this catalog. As a matter of fact, a number of changes have already been made necessary since this catalog went to press.

The Demco policy has always been to sell library supplies at the lowest possible prices consistent with good quality and workmanship. If you are billed at a higher rate than shown in this catalog, we know that you will understand this action has

been necessitated by the fluctuation in our market costs. You may be assured that voluntary price reductions will be made whenever conditions permit.

SHORTAGES

Certain supplies are still difficult to obtain in usual quantities and as a result they may not be available for immediate shipment. In other cases, we have discontinued listing a supply because of present inferior quality or workmanship. Such supplies will be listed again only when they meet with Demco standards. In the meantime, your patience and loyalty is sincerely appreciated.
